

'Dinner in the Sky' by Dreamdays takes gourmet dining to new heights

Dubai, UAE; March 12, 2011: 'Dinner in the sky', an exhilarating and unparalleled dining experience above ground levels, is the perfect way to enjoy the cooler months in the UAE. Floating 50 metres above the ordinary, the latest offer from UAE's premier experience gift company Dreamdays, offers a whole new meaning to gourmet dining. Inspiration and ideas float among the clouds as flavours find a little more zest with altitude.

'Dinner in the Sky' is hosted at a table suspended at a height of 50 metres above Dubai Marina Walk, the city's bustling entertainment destination. Guests are strapped into custom designed seats and hoisted into the air by a 100 tonne crane. 22 people can be accommodated around the table at every session with three staff in the middle -chef, waiter or entertainer. Once in the air, the table is free to rotate 180 degrees while the guests are pampered with a sumptuous spread of the best cuisine and enjoy the breathtaking view.

Commenting on the extraordinary dining experience, Farshid Rahimkhani, Managing Director, Dreamdays, said: "We take great pride in bringing the most exceptional and memorable experiences to our customers. 'Dinner in the Sky' is a unique event meant for anyone who wants to transform an ordinary meal or meeting into a magical moment that will leave a lasting impression on their guests. It can be personalised according to the client's wishes- breakfast, lunch, dinner, cocktails or business meeting - your imagination is the limit. The experience is perfectly safe and is popular around the world, available in around 32 countries and has done 2500 flights so far. Every aspect of the concept, from the seat belts to the type of crane used, has been selected with the utmost care to ensure maximum safety for our clients and staff."

This concept has been used in many an interesting way – "Marriage in the sky", "Meeting in the sky", "Concert in the sky", among others. The table was built according to the German TUV certification norms, regarded as one of the toughest safety certifications worldwide.

'Dinner in the sky' is priced at AED 475 per person. There is 'Breakfast in sky' at AED 275, 'Lunch in the sky' at AED 375 and 'Sky high tea' at AED 250 and this dining experience is open till May 23, 2011 at Dubai Marina Walk, after which it returns in the winter.

Dreamdays offers over 200 experiences to choose from, the most sought after gifts are adventure and sporting activities, followed by spa, beauty and dining experiences.
